## Young Adult Friends - Schedule 2014 - Pacific Yearly Meeting - 68th Annual Session

---

<sup>1</sup> The PYM Cloud and the new Western Friend website are developing new ways for Friends to stay connected all year long. Come hear about new features and brainstorm ways in which YAFs can use them.

<sup>2</sup> A time to support leadings or callings that have sprung up for YAFs. If needed, we will form clearness committees (for the week or the year) to support our work.

<sup>3</sup> This is a meeting for worship in the form of the midnight worship at Western Young Friends New Years Gathering.

<sup>4</sup> Part of the vision of Quaker Oaks Farm (QOF) is for the youth of PYM to have a place they can call their own. Participate in an interactive activity with Melissa Lovett-Adair and brainstorm ways that YAFs can utilize QOF!
