

## **Nominating Committee, Pacific Yearly Meeting Report for Representative Committee, March 2, 2012**

Your Nominating Committee is currently working on developing a slate of nominees for PYM officers, committees, and representatives. These will be presented at Annual Gathering.

At this time we present two items for action:

For Registrar, the name of Joyce Samati, Strawberry Creek, was read once at the 2011 Annual Gathering. We now request approval for service to begin immediately and end with the Annual Gathering 2013.

For Arrangement Clerk: we present for seasoning the name of Jim Avera, Redwood Forrest, for term ending 2013. This name will be presented a second time for final approval.

For the past several years, registrar duties have been divided between the officers we appoint and a contracted service. The process by which the contracted registration service is selected is less than clear. Apparently, the contracted service is selected by the Registrars we appoint. It seems to Nominating Committee that this is not good order. At this time Nominating Committee is not making a specific recommendation other than that Yearly Meeting should examine the process for selection of the contracted registrar service and develop an explicit process for selection and approval of the contracting service.

From David Barrows, clerk
