

**Latin American Concerns Committee
Report to
PYM Representative Committee March 2014**

Each year, Latin American Concerns Committee has one of its three programs (Casa de los Amigos, El Salvador Project and Guatemala Friends Scholarship Program) take the lead in presenting their program to PYM at Annual Session. In 2014, we look forward to Casa de los Amigos discussing their exceptional work. Many of you are aware of difficulties in Mexico City ten years ago. That is the distant past. Casa de los Amigos is now a vibrant Center for Peace and International Justice with programs in economic justice, migration and asylum in addition to being a Quaker home and guesthouse.

For further information about PYM outreach and service in Latin America, visit the program websites.
