

PYM Coordinating Teams

During the evaluation session for Clerks and Officers at the end of the 2015 Annual Session, the issue was raised that coordination and communication could be improved among those involved in supporting the business of the Yearly Meeting. To this end, Diego Navarro (then Presiding Clerk) created five coordinating groups that meet via video conference for 1.5-hour conference calls, once in the Fall/Winter and once in the Spring. During the calls, information is shared about what each committee, officer, or representative is working on, how it might impact the next gathering (Representative Committee or Annual Session), and what assistance is needed from others on the Team.

The five Coordinating Teams are
