

MINUTES OF PYM REPRESENTATIVE COMMITTEE  
Yearly Meeting Sessions - August 7, '8 & 10, 1978

The first of three August sessions of the Representative Committee of Pacific Yearly Meeting (PYM), held on Monday, August 7, 1978, in Stauffer Hall, Whittier College, Whittier, California, opened at 9:00 a.m. with a period of worship after the manner of Friends. Presiding Clerk Lowell Tozer then read an excerpt from PYM Faith and Practice and another from a letter to Representative Committee participants, explaining the purpose and delimiting the functions of the Representative Committee. He directed Friends' attention to the agenda proposed for Representative Committee sessions and to the provisional schedule for the Yearly Meeting itself, and asked for Friends' suggestions in revising either. Representative Committee participants present then introduced themselves by name, home meeting, and function within Representative Committee (list attached as Enclosure 1). Lowell Tozer presented a request from Friends Journal that some Friend write a short article on 1978 PYM; Madge Seaver agreed to undertake that responsibility.

Noting the receipt of several minutes from Monthly Meetings, Lowell Tozer explained that a La Jolla Monthly Meeting minute had already been referred to PYM Ministry and Oversight Committee. A Marin Monthly Meeting minute on banks with investments in South Africa was referred to PYM Finance Committee for consideration, and another Marin Monthly Meeting minute on California Proposition 6 to PYM Social Order Committee.

Barbara Perry, appointed by the March interim session of Representative Committee as convenor of the Committee to Name the Nominating Committee, proposed Lee Steelman, Bill Lovelady, and Larry Perry as Nominating Committee members for the 1981 slate. She further proposed that Nancy Springer, present clerk of the Nominating Committee, continue in that position for another year. Represent-  
REP 78-15 tative Committee APPROVED both recommendations for consideration by the Plenary Session later in the week.

Micki Graham, Clerk of PYM Arrangements Committee, reiterated the meals schedule and clarified the camping location. She urged Representative Committee participants to help orient other members of their Monthly Meetings arriving later, and to call upon other Arrangements Committee members with problems within their respective areas of responsibility. She asked that Friends' evaluations of the arrangements aspects of this PYM be directed to her during the week, as an aid in planning for the Yearly Meeting, in an as yet undecided site, in 1980.

Assistant Clerk Asenath Young counselled Friends to rely upon copies of the daily bulletin for authoritative listing of interest and sharing groups for each day. "Open time" sessions on Wednesday and Friday afternoons, scheduled in response to requests from Junior YM and Young Friends for times when they might meet without missing PYM business, should not be used for other meetings. Joe Magruder said that he had as yet received no requests to schedule sharing groups.

Susanna Calderon reviewed the preliminary work of the Junior Yearly Meeting Committee. Laurelyn Barns and Mike Turner, who will co-clerk the Young Friends, talked of possible activities of that group.

Asenath Young announced that reports from PYM delegates to Friends General Conference (Ron Steelman) and to Friends United Meeting (Barbara Perry) had been scheduled for the

Plenary Session on Tuesday evening. Larry Perry voiced hopes that PYM Committees appointed for the 1978-79 term might hold initial meetings before departing the Whittier campus. John Draper, PYM Statistical Clerk, requested that a summary information sheet on Monthly Meetings, posted in the hall outside, be corrected and updated in preparation for distribution before the week's end.

Eleanor Foster, Clerk of PYM Ministry and Oversight Committee, relayed those Friends' feelings that their first responsibility should be in caring for worship meetings during the week; M&O Committee members will serve as doorkeepers during times of worship. The Committee will also hold an open meeting with interested Friends on Wednesday afternoon and sponsor an interest group on clerking Thursday afternoon.

Eleanor Foster presented the recommendation of the Committee that its Subcommittee on Visitation be laid down with the understanding (1) that Quarterly and Monthly Meetings will handle responsibilities for visiting within their areas of care, and (2) that visiting the three Monthly Meetings unaffiliated with a Quarterly (Honolulu, Mexico City, and University) will remain the responsibility of the Ministry and  
REP 78-16 Oversight Committee as a whole. Following some discussion, Representative Committee APPROVED this recommendation for consideration by the Plenary Session

A Friend inquired as to the disposition on a previous minute, originating in La Jolla Monthly Meeting, which suggested that the PYM Presiding Clerk not clerk the Representative Committee as well. Eleanor Foster recalled for Friends the M&O Committee's consideration of that question. In consultation with past PYM Presiding Clerks, M&O had concluded that the additional responsibility for clerking Representative Committee did not add appreciably to the Presiding Clerks' fatigue. Friends wondered if the real issue was not rather the difficulty a Presiding Clerk might have in handling Representative Committee recommendations in a totally disinterested manner. Lowell Tozer commented that the Representative Committee recommendations had for several years been presented to Plenary Session by the Representative Committee REcording Clerk, not the Presiding Clerk. Pegge Lacey remembered a psychological "fatigue with the issue" that occasionally occurs after prolonged Representative Committee discussions and prevents a Presiding Clerk from viewing "with fresh eyes" the same issues when brought before Plenary Session. Representative Committee APPROVED referring this question back to PYM  
REP 78-17 Ministry and Oversight Committee for further consideration, again in consultation with past Presiding Clerks.

Representative Committee also APPROVED the Ministry and Oversight Committee's recommendation of Paul Niebanck, Catherine Bruner, and June Manners as an Epistle  
REP 78-17 Committee for 1978 PYM, this recommendation still to be approved by a later Plenary Session.

Colleen Wells, reporting for the PYM Peace Committee, advised Friends that the Peace Committee presentation to Plenary Session will include a period of query-and-response-from-worship, as well as consideration of a minute received from Davis Monthly Meeting. Peace Committee will sponsor an interest group on disarmament and the United Nations on Tuesday afternoon, and another on the Seal Beach Project Wednesday.

Willow Burnett, sharing with Marilee Eusebio the coordinatorship of the 1978 Children's Program, asked for help from volunteers. She introduced a special project, making dolls to be sent to thirteen pre-schools located in the Gaza Strip, with which Friend Clara Hurn has been involved.

Robert Schutz, acting Clerk of the PYM Social Order Committee, listed minutes received from Sacramento and Marin Monthly Meetings regarding California Propositions 6 and 7, as possible matters for consideration during the Social Order presentation to Plenary Session. He also mentioned a concern brought forward by the American Friends Service Committee, decrying plans for utilizing the site and facilities to be built in New York State for the 1980 Olympic Games as an institution for juvenile offenders after the Olympics are over. Following some discussion, Representative Committee APPROVED referring the minute received from Marin Monthly Meeting on banks with REP 78-19 investments in South Africa to the PYM Social Order Committee as well as to the Finance Committee.

Madge Seaver, reporting for the PYM Friend in the Orient Committee, said that Plenary Session would be asked to (1) consider a traveling minute for Akie Reynolds and Earl Reynolds, who during a trip to Japan will also visit Han Sok Ham in Korea, and (2) send to Han Sok Ham a letter of condolence on the death of his wife.

Pegge Lacey, Clerk of the Discipline Committee, outlined that Committee's recently-developed "plan of work" for the next few years pending exhaustion of the current printing of PYM Faith and Practice. Discipline Committee is (a) studying minutes of PYM sessions to determine what effect issue-by-issue decisions have had on pertinent passages of Faith and Practice, (b) weighing whether the "church governance" sections of Faith and Practice, which change more rapidly than the "faith and testimonies" sections, might not be issued as a separate unit, and (c) consulting with Nominating Committee to develop a true picture of PYM's de facto officer-and-committee structure. The Discipline Committee expects to have a report on these lines of inquiry ready for the interim Representative Committee session next spring.

Elizabeth Israel Jones, Clerk of the Friends Schools Committee, announced an interest group on "Friends in Schools", to be sponsored by the Committee on Thursday.

Eric Moon, Clerk of College Park Quarterly Meeting, talked about that regional meeting's consideration of the responsibilities involved in providing a measure of effective care for (1) the Friends Association for Services to the Elderly (F.A.S.E.), (2) Friends in distant meetings, such as those in Utah, and (3) the Ben Lomond Quaker Center.

Sharon Swindle spoke for Honolulu Monthly Meeting, celebrating the relatively large number of Friends from Hawaii at PYM this year, inviting all PYM Friends to a February 1979 retreat, and soliciting support and advice from PYM Friends with experience in providing spiritual nurture for adolescents and young adults.

As a final item of business, Representative Committee APPROVED Lowell REP 78-20 Tozer's suggestion that the closing time for evening sessions on Tuesday and Wednesday be changed to 9:30 p.m. Following a few announcements, the first August session of PYM Representative Committee concluded with a moment of silent worship.

+ + + + +

The second of three August sessions of the Representative Committee of Pacific Yearly Meeting, on Tuesday, August 8, 1978, in Stauffer Hall, commenced at 10:00 a.m. with a period of Friends' worship. Presiding Clerk Lowell Tozer read a letter from

Stewart Mulford, past Clerk of Southern California Quarterly Meeting (SCQM), telling of the life of that regional meeting over the past year. SCQM Friends have come to view their quarterly gatherings as opportunities to (a) foster spiritual life, (b) promote fellowship, and (c) handle necessary business -- in that order of importance. The question of dividing into smaller quarterly meetings has been studied at length but then laid down, at least for now; SCQM Friends hope to hold future quarterly gatherings in different locations around the region.

Jorge Hernandez, reporting for the Mexico City Monthly Meeting, related those Friends' efforts to promote fellowship and deepen spiritual life within their meeting. He invited all PYM Friends to a General Reunion of Mexican Friends, to be held near Mexico City February 3-5, 1979, noting that Lowell Tozer had been nominated as our official representative. Friends are encouraged to stay at the Casa de los Amigos any time they visit in Mexico. The birth of a worship group in Lima, Peru, attended by Kay and Chuck Bradley Brown of PYM, was also announced.

Dick Lewis reported for the University Monthly Meeting in Seattle, marking a continued "unity in worship and diversity in business". He promised to distribute a list of social concerns discussed by that Meeting during the past year. Notable among the Meeting's activities were a series of lectures by scholar-of-nonviolence Gene Sharp, and a spring retreat held at Deception Pass State Park. Dick Lewis also mentioned that University Friends were, in consultation with PYM Finance Committee, reviewing their financial commitments to PYM.

In a preliminary report by the Finance Committee, Clerk Virginia Croninger listed as matters under consideration by that Committee: (1) possible increases in travel allowances for PYM delegates to national conferences and gatherings, and alternative means of providing such travel funds; (2) the travel-to-sessions allowances of, and requested adjustments in assessments by, the most distant of PYM Friends -- those in Seattle, Utah, Mexico City, and Hawaii. She reiterated two familiar requests: (a) that any minute proposed by a PYM Committee resulting in financial outlay by the Yearly Meeting be brought to Finance Committee before being presented to Plenary Session, and (b) that requests for reimbursement for expenses incurred by any Committee during the year be presented in writing as soon as possible.

Virginia Croninger then called upon Pegge Lacey to report for the Ad Hoc Committee on Assessments and Contributions. Pegge Lacey presented in absorbing detail the deliberations of the Ad Hoc Committee during its two meetings -- the first at the spring College Park Quarterly gathering, and again while on the Whittier campus. Regarding the issue of assessments, that is, funds for the support of Yearly Meeting activities and contributions during the year (the costs of the August sessions being covered by registration fees charged attenders):

(1) The suggestion that PYM assess only for "active" members of a Monthly Meeting had been discussed. Such a policy change might reduce rolls for assessment purposes by as much as thirty percent; assuming a PYM maintained at its current level, such a reduction would necessitate a concurrent increase in the per capita assessment from the present \$13.50 to about \$21.30. Monthly Meetings with the most "inactive" members might benefit most from such a policy, while meetings who had worked to contact and release, if appropriate, their inactive members, might in effect be penalized. (2) The suggestion that PYM count both active members and "regular attenders" had likewise been considered. Monthly Meetings drawing large numbers of active but not prosperous attenders from college student populations might be

adversely affected by such a policy. (3) The suggestion that PYM "tax" a standard percentage of Monthly Meetings' budgets had also been considered, but such a policy would seem to penalize those meetings which had been most active in religious education and/or social concerns. (4) The suggestion that PYM fund its activities using only voluntary contributions from individuals had been discussed, but the uncertainty as to how much income might be expected would make it difficult to plan a realistic budget for any coming year. (5) The proposal that all expenses, year-round, of PYM be borne by those Friends attending the August gathering had also received attention. Pegge Lacey noted that only 18% of the Friends carried on the rolls for assessment purposes attend the August sessions, and that many of the August participants are Friends with limited incomes. Having considered all these suggested changes in policy, the Ad Hoc Committee had prepared a minute recommending that our present policy of assessment be continued; this minute will be presented to a Plenary Session Friday morning.

Following expressions of appreciation from several Friends for the work of the Ad Hoc Committee, and accepting a minor change in the phrasing of the minute, Pegge Lacey moved on to discuss the issue of PYM contributions in support of other Friends' organizations. She told of letters sent out to the organizations benefiting from our donations, asking: is the PYM contribution a significant part of your budget, or is it more a gesture of support? and would support from Monthly Meetings and/or individual Friends be as satisfactory? Frankness and a concern for the welfare of Friends' organizations as a whole characterized the responses. Among the information developed: Friends Committee on National Legislation (FCNL) has a working agreement with the Friends Committee on Legislation (FCL), under which FCNL does not solicit contributions from individuals in California. Friends World Committee on Consultation (FWCC) is an agency designed to serve Yearly Meetings, and the majority of its support comes from the Yearly Meeting level. Contributions to Young Friends of North America (YFNA) actually pay for travel by PYM delegates to that organization's gatherings. A proposed policy of permitting contributions only if PYM is formally represented within the organization would affect only two of our beneficiaries: John Woolman School and Ben Lomond Quaker Center. As a result of their deliberations, the Ad Hoc Committee had prepared a second minute, recommending that we review each year the requests of about one-quarter of our regular beneficiaries, and that any new requests for contributions be referred to and seasoned by the PYM Committee most likely to have the expertise to judge the merits of the program in question. In conclusion, Pegge Lacey mentioned the third recommendation that the Ad Hoc Committee would bring to the Friday Plenary: that the Ad Hoc Committee be laid down.

PYM Registrar Lonnie Harvey asked Friends to make corrections, if needed, to the file cards used in compiling the directory of PYM attenders. Assistant Clerk Asenath Young hoped that Representative Committee Friends would encourage any day attenders they met to register with Lonnie Harvey in the communications room.

Speaking for the PYM Sites Committee, Clerk Micki Graham reminded Friends that the Plenary Session, last August in Chico, had already minuted their approval that 1979 PYM would return there. She asked Friends to suggest affordable sites in southern California for the 1980 gathering.

Larry Perry of the PYM Nominating Committee announced that, in response to the request from March interim Representative Committee session, Nominating Committee had asked Robert Schutz to serve as Acting Clerk of PYM Social Order

Committee. In response to another request from the March session, that Nominating Committee bring another nomination for the position of 1978 PYM Co-Recording Clerk, Larry Perry proposed Patricia Ender for that job. Representative Committee REP 78-21 APPROVED that recommendation for forwarding to the Plenary Session.

Larry Perry also mentioned Robert Schutz's assessment that the Friends Committee on Economic Responsibility had ceased active operation, and so would not require a PYM delegate. Larry Perry announced an "open meeting" of Nominating Committee would be held during the week.

Tom Farley presented a proposal for a Pacific Coast association of Friends, possibly meeting triennially and perhaps exercising oversight of such functions as the Friend in the Orient, the Friends Bulletin, the Brinton Visitor, and revisions of Faith and Practice. Representative Committee APPROVED referring REP 78-22 this proposal to the PYM delegates to the Friends World Committee for consideration and possible recommendations.

Assistant Clerk Asenath Young reminded Friends of the wide geographical base of PYM and hoped that in the scope and phrasing of our minutes we could reflect a wider area of concern than simply the State of California. Following a few announcements, the second August session of PYM Representative Committee rose from a moment of silent worship.

+ + + + +

The final of three August sessions of the PYM Representative Committee, held Thursday evening, August 10, 1978, in Stauffer Hall at Whittier College, gathered in a short worship after the manner of Friends about 7:30 p.m. Presiding Clerk Lowell Tozer requested corrections to the minutes of the March interim Representative Committee sessions, mailed out to Representative Committee in mid-summer; Friends accepted those minutes as submitted. Friends then listened and offered corrections to the minutes for the previous two August Representative Committee sessions, before accepting those two sets of minutes as corrected.

Stratton Jacquette, PYM Treasurer, presented a preliminary treasurer's report, distributing copies and noting two corrections in the FY79 budget. He cautioned Friends that the August 7 date on the Interim Financial Statements sheet indicated that all expenses incurred during the course of the August sessions themselves, including the use fees to Whittier College, were as yet unpaid. He explained that a hitherto unrecognized subsidy to the Friends Bulletin -- the employer's share of Social Security contributions paid by Bulletin employees -- had been added in with the authorized \$3600 subsidy. He also talked through the "General Ledger Statement", listing PYM assets and various reserve funds, and a "Breakdown of Yearly Meeting Session Net Expenses".

Virginia Croninger, representing the PYM Finance Committee, called upon Eleanor Foster to speak for the Ad Hoc Committee on Assessments and Contributions. Eleanor Foster explained that the Ad Hoc Committee, after further deliberation this week on the contributions issue, was asking to withdraw the second minute previously prepared for presentation to Plenary Session. They had come to question whether the review process proposed would not be an unwieldy mechanism offering at best a superficial solution not completely responsive to the expressed concerns of the Monthly Meetings. Representative Committee APPROVED referring the REP 78-23 contributions issue back to the Ad Hoc Committee, and also the scheduling of ten minutes of open discussion of the question during a Plenary Session before the close of 1978 PYM.

On another matter, Virginia Croninger read a letter received some months ago from Logan Monthly Meeting Friends, requesting a reduction in their per capita PYM assessment. Having discussed this question with Logan Monthly Meeting's representative during the week, Finance Committee recommended that an assessment formula like that for calculating University Monthly Meeting's per capita assessment might be appropriate. Representative Committee APPROVED the following minute, for consideration in Plenary Session:

REP 78-24 "Logan Monthly Meeting has requested a reduction in assessment for 1977-78 because of their dual membership -- in PYM and also in Inter-Mountain Yearly Meeting (IMYM). Finance Committee recommends approval of a reduction in assessment for Logan Monthly Meeting to \$7.50 per member, which represents the difference between PYM's full assessment of \$13.50 per member and IMYM's assessment of \$6.00. Finance Committee further recommends the same assessment adjustment formula be continued."

Virginia Croninger then presented for preliminary consideration the proposed FY79 budget. She pointed out that a second contribution of \$200 had been recommended for the national New Call to Peacemaking, and explained that this year's contribution to John Woolman School might be reduced by \$200, in order to forestall any increase in the total contributions figure pending consideration by the Ad Hoc Committee. After some discussion, Representative Committee instead APPROVED increasing the total contributions figure by \$200, in order to avoid changing the amounts budgeted for any of the individual beneficiaries, again pending consideration of the entire question by the Ad Hoc Committee. Referring to the "Breakdown of Yearly Meeting Session Net Expense" analysis, Virginia Croninger identified two new categories: "Registrar and Secretariat" costs formerly carried among other general expenses, and travel expenses for specially invited guests at PYM sessions. In concluding her discussion of the proposed FY 79 budget, Virginia Croninger pointed out that the total budget ran \$890 less than last year's, enabling a reduction of 50 cents in the per capita assessment. Representative Committee APPROVED, for consideration by Plenary Session, the suggestion that we pay for the \$200 increase in total contributions in support of Friends' organizations by transferring that amount from reserves. Representative Committee APPROVED forwarding the proposed FY79 budget to Plenary Session for their deliberations. Finally, Representative Committee APPROVED the following minute regarding per capita assessment reduction:

REP 78-25

REP 78-26

REP 78-27

REP 78-28

"The Finance Committee recommends that the general assessment for the 1978-79 fiscal year be \$13.00 per member, except for Honolulu and Mexico City (\$10.00 per member) and University and Logan (\$7.00 per member)."

Larry Perry of the PYM Nominating Committee talked of that Committee's efforts to implement Representative Committee minute 78-6, which envisioned a PYM Education Committee charged with oversight of (1) the Children's Program during Yearly Meeting, (2) "special projects of adult religious education including workshops during the year and/or special sessions at Yearly Meeting", and (3) "ongoing support of religious education programs for all ages within Monthly Meetings". Nominating Committee had tried unsuccessfully to locate Friends willing and able to undertake such a combined responsibility. As an alternative, the Nominating Committee proposed, and Representative Committee APPROVED as a recommendation for consideration

REP 78-29 by Plenary Session, the creation of a new Children's Program Committee, and the assignment to the PYM Education Committee of the following objectives:

"The assignment of the Education Committee is affirmed to include the religious education of Friends of all ages and throughout the year. This Committee will take responsibility for the ongoing nurture of religious education programs for all ages, such as First Day School and adult education within Monthly Meetings, and also special projects of religious education including workshops during the year and interest groups at Yearly Meeting sessions. We ask that this Committee consider undertaking sponsorship of the Theology Workshop presently under the care of College Park Quarterly Meeting."

Representative Committee further APPROVED, for consideration by Plenary Session, the following proposed composition for the two Committees: the PYM Children's Program Committee to consist of (a) six members with staggered three-year terms (two of the six joining and departing the Committee each year); (b) the current coordinators of the Children's Program; and  
REP 78-30 (c) the immediate past Children's Program coordinators. The PYM Education Committee to consist of (a) six members with staggered three-year terms (two of the six joining and departing the Committee each year): (b) Education Committee clerks from each of the two Quarterlies; and (c) correspondents from each of the three unaffiliated Monthly Meetings.

Having completed his duties for PYM Nominating Committee, Larry Perry assumed a new role and brought recommendations from the ad hoc committee set up last August to study the possibilities for a Pacific Coast gathering of Friends. Representative Committee APPROVED for Plenary Session consideration

REP 78-31 the creation of a planning committee to explore the idea of a "reunion" in an as-yet unspecified location to be held within the next two to five years. Representative Committee also APPROVED for

REP 78-32 consideration by Plenary Session the names of Frances Ridgeway (coordinator), Gretchen Rudnick, Chris Barns, Bob Barns, and Tom Farley, as PYM delegates to such a planning committee.

Finance Committee Clerk Virginia Croninger rose to point out that the creation of two new committees would require some financial outlay by the Yearly Meeting, and explained that the Committee's recommendation to reduce by fifty cents the per capita assessment could not have taken into account such unforeseen growth at the last moment. Friends agreed, and Representative Committee APPROVED the rescinding of our approval for Representative Committee minute 78-28

REP 78-33 The per capita PYM assessment thus remains at the present \$13.50 figure.

Richard Ernst, Clerk of the PYM Holding Corporation, announced that committee's intentions to ask Monthly Meetings for a "verification of holdings", as a step toward bringing PYM records up-to-date.

Ron Steelman, Clerk of the Friends Bulletin Committee, offered a brief report and concluded by asking for a formal but heartfelt expression of gratitude to Robert Schutz and Myra Keen for their dedicated work on the Bulletin. Representative Committee agreed that we "recognize the national reputation for excellence which

the Bulletin has enjoyed under the editorship of Robert Schutz, and that we would also like to recognize the important contribution of Myra Keen, who has spent many hours helping put out the Bulletin as assistant editor."

Concluding our final session, Lowell Tozer again spoke about the role of Representative Committee vis-a-vis the Plenary Sessions of PYM as a whole. He quoted from PYM Faith and Practice and from a 1975 PYM minute, pointing out that the Representative Committee may consider in a preliminary way any matters which might concern PYM. If a question involves a change of principle, any decisions must be made by a Plenary Session, and Plenary Session may if they wish reconsider any decisions made by Representative Committee, even those deemed not to involve a new principle.

One last item of business was the reading and acceptance by Representative Committee of these minutes for the final session. Representative Committee concluded its final session in a period of Friends' worship.

Submitted by: Eric Moon, Recording Clerk  
Representative Committee

Enclosure 1

LIST OF FRIENDS IN ATTENDANCE at PYM Representative Committee sessions at Yearly Meeting gathering, 6-12 of 8th month, 1978, Whittier College

NAME	FUNCTION	MEETING
Lillias Adlercron		Monterey Pen.
Anna Alexander	observer	San Luis Obispo
Will Alexander	observer	San Luis Obispo
Carl Anderson	observer	Strawberry Cr.
Lee Andresen	MM observer	Hayward
Dorene Barns		Sacramento
Laurelyn Barns	co-Clerk, Young Friends	Sacramento
Mark Beckham	representative	Strawberry Cr.
Lynne Bird	representative	Strawberry Cr.
Megan Mersman Black	MM representative	Palo Alto
Dot Bonner	PYM communications	Santa Barbara
Catherine Bruner	MM representative	Delta
Willow Burnett	PYM children's program	Palo Alto
Susanna Calderon	Clerk, JYM committee	Redwood Forest
	MM observer	
Lyman Cerney	MM representative	Claremont
